

The cylinder company

THE CYLINDER COMPANY

1
Conception cao
Diseño y desarrollo

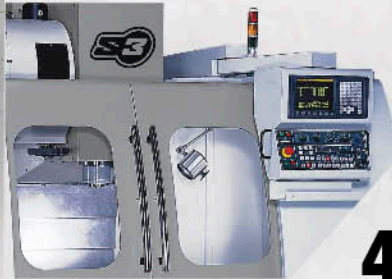

2

Prototyping,
tooling production & sand core
*Fabrication de prototypes
rapides, et d'outillages de fonderie*
Prototipos y herramientas
de producción

3

Casting
Fonderie coquille et sable
Fundición

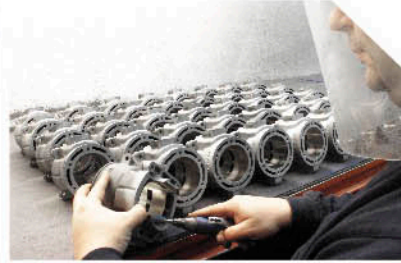

4

Machining
Usinage CNC
Mecanizado

5

Cylinder ports deburring
*Finition et chamfrein des
transferts 2 temps*
Repas

6

Nickasil plating production line,
chemicals control
*Laboratoire de controle
metalographique et chimique*
Control de laboratorio químico

7

Nickasil plating s3cyl
(Nickel CARbide SILicon)
*Nickasil, revetement
haute resistance S3CYL*

8

Honing

Diamond
Plateau Honing
Honing / Lapeado

9

Assembling, piston + exhaust
valves & packaging
*Control final
et assemblage piston*
Control final y montaje del pistón

Cylinders bigbore kits

CY-CRF

Cylinder S3 for CRF 250 cc

78mm 250 • 80mm 265 • 82mm 280 • 85mm 300

CY-YAM

Cylinder S3 for YZF 450 cc

95mm 450 • 97mm 470 • 100mm 500

CY-YAM

Cylinder S3 for YZF 250 cc

77mm 250 • 80mm 280 • 84mm 300

GASKETS

CRF-YZF

All sizes

PI-YAM

Forged piston S3-Vertex YZF 250 cc

77mm 250 • 80mm 280 • 84mm 300

PI-CRF

Forged piston S3-Vertex CRF 250 cc

78mm 250 • 80mm 265
82mm 280 • 85mm 300
